

Quality Analyst (QA), footbao

Location: São Paulo

We are seeking a Quality Analyst (QA) to join our team and ensure the delivery of high-quality software to our clients. If you are passionate about ensuring excellence in software development, have a keen eye for details, and are driven by a constant pursuit of improvement, this could be the ideal opportunity for you to significantly contribute to the success of our team.

Responsibilities:

- Conduct functional and non-functional testing in all phases of the software development lifecycle.
- Develop and execute test cases manually, ensuring comprehensive coverage.
- Collaborate with the development team to understand requirements and ensure quality from conception to the delivery of the final product.
- Identify, document, and proactively report bugs, failures, and potential improvements.
- Automate tests whenever possible to increase process efficiency.
- Actively participate in code and process reviews, contributing to the team's quality culture.
- Ensure that quality standards and testing practices align with company objectives.
- Collaborate in the development of test plans and quality assurance strategies.

Requirements:

- Proven experience as a Quality Analyst (QA) or in a similar position.
- Deep knowledge of testing methodologies and associated tools.
- Ability to create, execute, and automate regression and integration tests.
- Familiarity with agile development environments.
- Excellent communication skills to effectively collaborate with different teams.
- Proactive and solution-oriented attitude.

Additional Qualifications:

- Certification in software testing will be considered an advantage.
- Experience in testing web, mobile applications, and APIs.
- Experience in startups or fast-paced environments.
- English communication skills will be considered a plus.

We Offer:

- Collaborative and dynamic work environment.
- Opportunities for continuous learning and professional development.
- Active participation in challenging and innovative projects.
- Competitive compensation and comprehensive benefits.
- Paid time off.
- Flexible work hours and remote work.

If you are a motivated, quality-oriented professional ready to contribute to the success of our team, please send your resume and cover letter to mrayol@footbao.world.

We look forward to receiving applications from individuals committed to excellence in software quality assurance.
